

April 2007 Rodeo Grounds Update

The Corporation has brought in fill for the arena. Radon sand. Is about half done and will be complete by the weekend. Darryl has dragged it to spread it around. Thanks very much to Darryl for dragging overseeing this and to Denise Dorrell for all the research she did!!!

Work party on Sunday, not very well attended. Sandra Varchol and Sheila Taylor came out earlier and picked rocks. Tammy, myself, Leanne, Tammy, Kalpana.. Jim and Gail Weber (new members) and Ray Abram showed up. Rocks were pretty much done so we cleared out the area that previously had rodeo chutes, etc, and will now be used for whipper in area.

Next clean under the bleachers. Painting. Stay tuned for dates.

Corporation of Oliver is selling off their paneling from their rodeo grounds. They are closing down. Sent information to Dale Macdonald re paneling. Corporation doesn't have money to put in bid for paneling.

Need volunteers to run concession for Blue Grass Festival. Rodeo Grounds development will receive all profits from concession. Three days (approx 4 hour shifts). View on SOHA website and sign up with Gwen. Need coordinator for this project. June 8,9,10

Andalusian Fundraiser. Working on posters and tickets. Hopefully we should be able to start advertising soon. Met with Andre (Chef) re catering the Buffet before the performance . He is on board to cater this event. Need volunteers. Please contact Gwen.
